NEWS LETTER 4th Quarter 2017-2018

A Letter from the Principal

Dear All,

Our fourth quarter began with the victory of our school, achieving second place in the National Code Monkey Competition. We had a very special visit from Mr. Joseph Hood on May 4th, who brought joy and encouragement to all the staff and students at our school. On May 5th, some students, teachers and Consecrated Ladies participated in the *Walk to Mary* in Green Bay. We prayerfully journeyed 10 miles, (some as many as 15 mi.!) of the 21 total miles, on foot from the Shrine of St. Joseph to the beautiful Shrine of Our Lady of Good Help. Then, Ms. Kelly Christian, Director of Operations for the Middle States Commissions on Elementary and Secondary Schools (MSA-CES), visited our school on May 9th and readily offered to recommend SLSW for accreditation as a sister school of SLS in Spain. This is a great accomplishment for our school. On May 22, we gratefully invited our staff to a faculty appreciation dinner, which was very much enjoyed by all. This semester's field trip consisted of a visit to the Museum of

Science and Industry in Chicago. The students and other participants had a wonderful time exploring the mines, U-Boat and other fascinating attractions. We closed out the semester with a Pontifical High Mass celebrated by our beloved Bishop Robert Morlino on the Feast of Corpus Christi. It was a very majestic and devotional experience which we appreciated very much.

I wish you the best this summer, with time to relax, enjoy good books and spend time with family and friends. Thank you for a successful school year!

God Bless,
Yolanda

S.L.S.W Begins Accreditation Process

On May 9th, 2018 Kelly Christian, an accreditation representative from MSA-CES, visited our school to help us begin the process to accreditation. Kelly met with a team of six, and reviewed with them 12 aspects of a quality education that need to be examined. During the day we learned our areas of strength and also weakness. The accreditation process requires 1 year of self-evaluation and we hope to be finished in 2020.

Left: Kelly Christian is welcomed to our school.

Right: Fr. Pedro, Kelly Christian, Yolanda Piedra, Peggy Kruchten and Mardell Krejchik meet to discuss the accreditation process to evaluate our strengths and develop strategies to improve our educational system.

Mr. Hood Comes to S.L.S.W Our beloved friend and advisor, Mr. Joseph Hood visited our school on May 4th, with many words of wisdom for our students.

Left: Alex and Simeon recite poetry for Mr. Hood.

Right: The 6th grade girls sing *O Sanctissima* in Latin, during Mr. Hood's visit.

4th Quarter Field Trip: Museum of Science and Industry

On May 23rd at 7:00 a.m. the students of SLSW and their chaperones departed for the Chicago Museum of Science and Industry. It would be 14 hours, with amazing adventures later, that they would return.

Below are a few pictures from that remarkable field trip.

Students gather in front of museum

Listening to instructions before entering the tornado.

Participating in the Tornado Exhibit

Girls gather to compare notes on what was seen.

4th Quarter Art concentrated on the "Self Portrait." Below are the finished portraits of the 6th grade girls. Can you recognize any of the students in these portraits?!

Boys School News

Science: "During their study of algae, the boys used microscopes to look at three different species after they'd learned how to make wet-mount slides. Much to their surprise, when they placed their slides under the microscope and peered through the eyepiece, they exclaimed, 'it's moving!' The 'it' that they discovered were a variety of aquatic microorganisms that were happily living on and around the algae. "

Carrie Skinner, Science Teacher
